

SEASON 01 · LAUNCH PLAN

90-Day Launch Roadmap

From a live site to an active diaspora network — late June to end of September 2026.

North-star goal. Go from a live site with a "coming soon" form to an open, application-based network with an active founding cohort — proving all three engagements (**Help & Be Helped**, **You Are Not Alone**, **Bounce Ideas**) actually work before you scale.

Launch definition. Season 01 publicly open, ~50–100 founding members onboarded, at least one of each engagement run successfully, and a repeatable weekly rhythm.

Pre-flight — this week (by ~June 30)

Before Month 1 begins, lock the foundations you are already mid-build on:

- **Finish the Typeform** — questions, types, options, welcome + ending (all drafted).
- **Pick where applications land** — connect Typeform to **Airtable** (becomes your directory + CRM in one) or Google Sheets to start.
- **Wire the form into the site** — replace the #join "Coming soon" placeholder with the Typeform embed.
- **Write the Code of Conduct** and link it from the form's Legal field.
- **Decide the home for "You Are Not Alone"** — WhatsApp Community or Telegram (diaspora-friendly, mobile-first).

Month 1 — Build & Founding Members (July)

Goal: open quietly, hand-pick the first 25–40.

Workstream	What you do
Product / Form	Form live on site; test the full flow on mobile; set up an auto-reply email ("we review within 2 weeks").
Community	Personally invite 40–60 people you trust across 3–4 corridors (e.g. Kenya–UK, Nigeria–US, Ghana–Canada). Diversity of sector + city.
Engagement setup	Create the WhatsApp/Telegram space; write 3 pinned welcome messages; set the tone with your own first "Help & Be Helped" post.
Ops	Build the Airtable member directory (auto-fed by Typeform); define your accept / fellowship review rubric.

Month 1 success: 25–40 applications in, ~20 accepted and in the channel, each one personally welcomed.

Month 2 — Activate & Prove (August)

Goal: make the network do something. A quiet group is a dead group.

Workstream	What you do
Bounce Ideas	Host your first talk — a member or you, 20 min + open Q&A, on Zoom/Meet. Record it.
Help & Be Helped	Run a weekly "Ask & Offer" thread; manually make 5–10 introductions to seed the habit.

Workstream	What you do
You Are Not Alone	Open the peer-support space; you go first with something real to set the safety norm.
Content	Publish 1 free report (or repurpose one) tied to a corridor; share member wins on LinkedIn.
Partnerships	Re-engage Lemfi / Founders Running Club for a member perk or co-hosted session.

Month 2 success: First talk done (15+ live), 10+ real intros made, support channel has its first honest conversation, 1 partner perk live.

Month 3 — Open & Scale (September)

Goal: public launch of Season 01 with proof behind it.

Workstream	What you do
Public launch	Announce on LinkedIn + Instagram + X; “applications open” post with the form link and a founding-member testimonial or two.
Momentum	Second Bounce Ideas talk; first member-led session — a sign the network runs without you.
Growth loop	Review “How did you hear about us?” data; ask happy members to refer 1 person each.
Credibility	Publish a short “Season 01 so far” recap (numbers + a story); update the site’s “By the Numbers” with real figures.
Ops	Review fellowship applicants; set up a simple monthly newsletter from your member list.

Month 3 success: Public applications flowing weekly, 50–100 total members, a second talk + a member-led one, real numbers on your site.

KPIs to watch the whole quarter

100+	50–100	2–3	25+	50%+	5+
Applications received	Members onboarded	Bounce Ideas talks	Help & Be Helped intros	In support channel	Corridors represented

Weekly rhythm (set this early — it is what makes it stick)

- **Mon** — “Ask & Offer” thread + welcome new members.
- **Wed/Thu** — Bounce Ideas talk (bi-weekly) or member spotlight.
- **Fri** — review new applications, make 2–3 intros.
- **Monthly** — newsletter + numbers review.

Biggest risks (and the fix)

Risk	Fix
You are the only one doing everything	Recruit 2–3 founding members as “chapter hosts” by Month 2 so it is not all on you.
Silent channel	Over-seed manually in Months 1–2; activity begets activity.
Accepting too fast / loose	The “Why join” + Code of Conduct questions are your gate — use them.

Africa Global Forum — a peer network for the African diaspora. We create opportunity among ourselves first, then with the world.
